

ISABEL MANAGUELOD

Baguio City, Philippines | menchmallow.vercel.app
+639602131055 | izzy.mngd@gmail.com

Aspiring web developer with a background in building personal projects and experience in deploying web applications built with React and Django. Eager to apply practical skills to real-world projects and grow in a collaborative development environment.

EXPERIENCE

HACKATHON PARTICIPANT

University of the Cordilleras | Baguio City, PH
MARCH 2025

Built a summarizing web app called SummarEase using the Gemini API for AI-powered text summarization.
Developed the full stack independently, including frontend and backend logic using Node.js + Express.js
Collaborated on UI/UX decisions.

PROJECTS

Re:wear – Buy and sell marketplace

Personal Project

Full-stack e-commerce web app for buying and selling secondhand goods.
Tech Stack: Django, Django REST Framework, React, React router, Bootstrap, Supabase

Todoist – AI-Powered To Do List App

Personal Project

A task management web app for creating, organizing, and tracking tasks with due dates.
Allows users to generate tasks with AI from prompts.
Designed with mobile-first approach
Tech Stack: React, React router, Bootstrap, Appwrite, Clerk, Gemini API
